

**It's in the praise/ Calvin B. Rhone**

Verse

There's victory for me, there is victory for you,  
there is victory for all God's children  
In all that we say and in all that we do  
There is victory for all God's children

Refrain

It's in the praise  
Halleluja  
The healing that you need and the deliverance  
we seek  
It's in the praise  
Halleluja  
There's victory for all God's children

Verse

There is peace of mind for me,  
there is peace of mind for you,  
there is peace of mind for all God's children  
But you gotta watch what you say  
And you gotta watch what you do  
There is peace of mind for all God's children

There's victory for me,  
there is victory for you,  
there is victory for all God's children  
In all that we say and in all that we do  
There is victory for all God's children

Refrain

It's in the praise  
Halleluja  
The peace of mind you seek and the joy that you  
feel  
It's in the praise  
Halleluja  
There's victory for all God's children  
(repeat)
